

Nancy Louise Peterson

29 August 1926 - 13 July 2018

Nancy retired as a gift manufacturer representative from her own corporation on 5th Avenue in New York City. She was a strong, independent woman, with a feisty, but playful sense humor.

She loved attending church, caring for cats, crossword puzzles, and the camaraderie at the bridge

club.

Nancy loved playing bridge so much she built a new home for the Dottie Pirkle's DBC in downtown Athens, TX in January 2007. She always looked forward to her Monday's and Thursday's at the bridge club, and never came without something for everyone to snack on.
